### Sibling Reductions

For families with three or more children enrolled simultaneously, the school will grant the following reductions for the youngest child(ren) in the family: a 10% reduction of the annual Tuition Fee for the third child, a 20% reduction of the annual Tuition Fee for the fourth child and any additional children.

### School Fee Reduction Programme (SFRP)

Munich International School e.V. (MIS) is a not-profit private school with a holistic educational IB programme. The educational services at MIS have the purpose to serve mainly international mobile families coming from abroad to Germany for a certain amount of time. Additionally MIS accepts children with permanent residence in Germany with an international background. As an alternative School approved by the Bavarian Government (genehmigte Ersatzschule) in G1-G9 and a supplementary School Ergänzungsschule in G10-G12 MIS is mainly financed by School fees, paid by families or the employers of families who are sending their children to MIS. As a non-profit organization all revenues are devoted entirely to ensuring that the school fulfills its educational mission and objectives. In consideration of the statutory purpose of the school, MIS offers a [School Fee Reduction Programme \(SFRP\)](#). Its purpose is to ensure international and social diversity and to make Munich International School e.V. accessible to students with the interest and need for an international education regardless of economic status. More information about the SFRP, including eligibility can be found on our website.

### Special Payment Plan (SPP) for Tuition Fee

A "Special Payment Plan" (SPP) for the Tuition Fee is available upon written request for families who pay their tuition fees 100% 'privately' (i.e. families where a company pays some or all of the tuition fees for a student are ineligible). The SPP applies only to tuition fees with equal payments due on 1 July, 1 October, 1 January, & 1 April of the relevant school year and payable by direct debit only. The SPP request must be approved in advance by the CFO. A Service Fee of €500 for a SPP will also apply and be added to the first invoice.

If you wish to apply for a SPP, please send your request to [accountreceivable@mis-munich.de](mailto:accountreceivable@mis-munich.de) no later than the end of May for the following school year. Requests after this date will be considered on a case by case basis.

Please note that should one direct debit be revoked, full payment of the Tuition Fee would be due immediately and the approval for the SPP would be no longer valid.

# BUS FEES 2024-2025

The Munich International School provides an extensive School Bus Transportation System, a service that is optional. The prices are calculated to cover costs.

Offering 70 different routes with close to 500 stops, MIS bus routes cover approximately 80% of the areas in which MIS students reside. For more details, see the destinations chart on the next page. In determining annual bus routes, factors such as cost, time and distance are taken into consideration. Due to an annual student turnover rate of approximately 20%, bus capacity, routes, stops, and travel times are likely to vary from year to year. Taking pertinent legal issues into consideration, we try to accommodate a pick-up/drop off point as close as possible to your home. However, in some cases the implementation of a new bus stop may exceed time and economic constraints of the system and may, therefore, be deemed unfeasible. We strongly recommend that parents discuss bus availability with the Transportation Office before establishing residence or when planning to move.

Since seats are allocated in July in accordance with applications submitted, space may not be available from your new location later during the school year.

Children will be provided with bus transportation only after a bus contract has been completed, signed, and returned to the Transportation Office. A maximum of one seat per child can be assigned, i.e. one seat in the morning and/or one in the afternoon. Once a bus contract has been submitted and a seat on the bus has been reserved, you will receive your individual bus information indicating the location and time at which he/she is to board and disembark the bus. Please carefully review the bus stop assigned to your child(ren).

Based on the number of bus contracts received prior to the beginning of the school year, MIS commits to ordering the appropriate number of buses for the given year. Contracts with bus companies are signed on an annual basis. Once the routes have been established, it is not possible to alter them. Latecomers can only be assigned a seat if space is still available on the requested bus.

## Bus Fees

By participating in the School Bus Transportation Service, MIS incurs personnel and transportation costs which must be borne by the Parent(s) or his/her legal representative.

The destinations listed below are served in SY 23/24. Some destinations may be deleted and others may be added for SY 24/25. The final table of destinations will be published at the end of July 2024. Please check with the Transportation Office when planning to move or before establishing residence.
